

Okay there's a lot of strategies for marketing b2b these are five that we want you to consider right away they should do right now and we scroll down and they're headings are outbound marketing,

inbound marketing, employee marketing, account based marketing, and conversational marketing you can get details on all of those and more if you go to [HTTPS colon forward slant forward slant everyone social.com whack blog whack b2b - marketing - strategies](https://www.whackblog.com/whack-b2b-marketing-strategies) and then forward slant on the end of that so it includes everything in that directory

Thanks to the patrons for supporting our efforts we sure appreciate that thank you very much and I appreciate that you took time out of your day to listen to us if you liked this episode check out other episodes of The Guy R Cook Report and that link that's showing right there in the show notes if you go to the [The Guy R Cook Report.Podbean.com](http://TheGuyRCookReport.Podbean.com) you can get to that link and check out the credits when you're there that list is included in the episode notes that can include this episode of The Guy R Cook Report

It's a wrap
