

Hi talking about the top SEO tips today on The Guy R Cook Report and the SEO tips we got came from this link digital VTech has a link top 10 SEO tips to raise your website's ranking in 2018 and it's a 23 jewel stem winding wonder of technology I want you to

take a look at the nice graphic if they have their talks about the different things that you need to address and there's a list here if you scroll down to it I'm not gonna go through all of it but there's some great explanations here that they not only give you the page load rate but they talk about why that's important and and so forth so give that a look

I think that you're gonna like what you see there and on that note it's time to say thanks to the patrons who support The Guy R Cook Report couldn't do it without you I have the people that our patrons are our favorites but the other favorites are listed in the credits if you go down to the show notes you'll scroll down a little bit and you'll see The Guy R Cook Report credits list and you'll also see it check out the other episodes of The Guy R Cook Report there are pearls in those oysters I've been told that anyway and I tried to put them in there as you well know this is gonna conclude this episode of The Guy R Cook Report thanks for being with us

It's a wrap
