

Hey if you haven't subscribed yet subscribe to our channel in the YouTube you can go to [youtube.com whack guyrcook](https://www.youtube.com/channel/whackguyrcook) and subscribe there or you can subscribe on pod bean if you're listening to the audio you got it from Podbean probably or from

Apple iTunes Apple iTunes is now called Apple podcast excuse me.

The topic today we're talking about 31 clever lead generation ideas for your b2b site ok these lead generation ideas came from [optinmonster.com](https://www.optinmonster.com) if you go to the show notes and look at the link for the 31 clever lead generation ideas you get that link there and this is what I hope to fill your idea bucket with for many days going forward and so on that note I want to thank Mary Fernandez. Mary Fernandez is a professional blogger that posted this to [optinmonster](https://www.optinmonster.com) originally which she's not at her desk Mary's usually exploring sunny San Diego California with her laptop and her hubby and three kids in tow thanks very much for this effort Mary

The other thing is today if I scroll down the page thanks to the patrons couldn't do it without you your patronage on Podbean is appreciated if you liked this episode check out the other episodes at The Guy R Cook Report there's a link there on the show notes to get to that archive and there's also a link to the credits to the Fraser Ramsey's to the Ileana Smith's and other people in the world that would give praise and adoration to in the credits and so on that note this concludes this episode of The Guy R Cook Report.

It's a wrap.
